

ANNEX. 2 COMPETENT PERSON'S CONSENT FORM

Reports describing the Exploration Targets, Exploration Results, Mineral Resources or Mineral Reserves reported by Companies, are under the responsibility of the Company acting through an Executive Board, and pursuant to Article 9 they are required to reflect the data contained within a report prepared by the Competent Person or Persons and the other supporting documents in a transparent manner and on an as-it-is basis. In addition, Article 9 requires, 'the report has to be issued after obtaining prior written consent of Competent Person or Persons about the apparent form and context'.

A Competent Person's Consent Form, containing the terms of the UMREK Code, has been developed to help Competent Persons and companies to conform to these requirements and also to emphasise the need for the Companies to obtain the prior written consent of the Competent Person, with regards to the form and context of the material to be included in the report.

Completion of a consent form is advised as a proper practice regardless of whether it is in the given format or in an equivalent format, and it ensures the previously signed required consent form can be acquired simply.

It is accepted as a leading practice to have a Competent Person's professional colleague to witness the consent form, and it is strongly encouraged.

The Competent Person's consent form or other documents related Competent Person's written consent must be retained by the company, and Competent Person must ensure that the consent form can be promptly provided by the company.

UMREK, 2018**(Letterhead Text of Competent Person or Employer)****Consent Form of Competent Person**

Requirements conforming to BIST or Articles related to Precious Minerals and
Precious Stones Market and to the UMREK Code Article 9

(Written Statement of Consent)

Report Name

TECHNICAL REPORT – SCOPING STUDY FOR THE ÇORUM COPPER PROJECT, TURKEY

ANNEX. 3 COMPLIANCE STATEMENT

The required compliance statement forms should be as provided below (please ignore any non-applicable items).

With regards to public reporting, Exploration Targets, Exploration Results at the initial stages or with amended content, Mineral Resources or Mineral Reserves, or company annual reports;

- *If the required information are available in the report:
Information given in the report in relation to Exploration Targets, Exploration Results, Mineral Resources or Mineral Reserves are based on data compiled by (Insert name of Competent Person). The Competent Person in question is a member of a 'professional organization' recognised on BIST and UMREK web sites. (Select the appropriate one and indicate the name of the professional organization of the Competent Person and the membership level note of the Competent Person).*
- *If the required information is available in the report annex;
Information given in the report annex in relation to Exploration Targets, Exploration Results, Mineral Resources or Mineral Reserves are based on information compiled by (Insert name of Competent Person). The Competent Person in question is a member of a 'professional organization' recognised on BIST and UMREK web sites. (Select the appropriate one and indicate the name of the professional organization of the Competent Person and the membership level note of the Competent Person).*
- *If the Competent Person is a full-time employee of the company;
'(Insert name of Competent Person) is a full-time employee of the company.*
- *If the Competent Person is not a full-time employee of the company;
'(Insert name of Competent Person) is employed by (insert name of Competent Person's employer).*
- *The full nature of the relationship between the Competent Person and reporting company must be declared together with the details of the Competent Person. This declaration has to outline or clarify any issues which could be perceived by the investors as a conflict of interest.*
- *For all reports:
(Insert name of Competent Person) has sufficient experience about the pledged activity and the relevant mineral type or mineralization to be classified as a Competent Person as described in the UMREK Code. (Insert name of Competent Person) consents that the issues based on his knowledge are included in the report.*

For any Public Report that is based on a previously issued Public Report that refers to mineral Exploration Results, Mineral Resources or Reserve estimations:

In case where a Competent Person has previously provided a written consent for the findings to be included in a report, the company presenting this information to the market must indicate the report's name, date and the reference of the original resource.

- *Information has been taken from the report titled (report name) and issued on (insert date) and can be accessed on (web-site name) website. With regards to the data given in the original market announcement and in the Mineral Resource or Reserve estimations, the Company confirms that all monetary assumptions and technical parameters supporting the estimations in the related market announcement remain valid and they have not been changed materially.*

Company verifies that the findings of the Competent Person have not been changed in form and context from the original publication.

Companies must be aware that this exemption is not valid for subsequent information in the company annual report.

ANNEX 4 RECOGNISED PROFESSIONAL ORGANISATIONS (RPOS)

This is a list of professional organisations (RPOs, or Recognised Professional Organisations) and required membership levels for the purpose of the definition of a Competent Person in the UMREK Standards (Article 11).

To be recognised as an RPO, an organisation must satisfy the following criteria:

- 1 be a self-regulatory organisation covering professionals in the mining and/or exploration industry;
- 2 admit members primarily on the basis of their academic qualifications and professional experience;
- 3 require compliance with the professional standards of competence and ethics established by the organisation anywhere in the world (not just within the home jurisdiction of the organisation); and
- 4 have disciplinary powers, including the power to suspend or expel a member for breaches of professional standards of competence or ethics anywhere in the world.

The minimum membership classes required are consistent with those in other CRIRSCO codes and have been set at a level where the membership class is based on a system of peer scrutiny, including submission of documentation demonstrating experience and expertise and normally a professional interview, or where there is no interview UMREK would need to be satisfied that the system of peer scrutiny is sufficiently robust.

Organisations wishing to be considered as RPOs and added to the list below should write to the UMREK Secretary with full justification and documentary evidence that they meet the criteria outlined above.

RPOS RECOGNISED BY UMREK, AND MEMBERSHIP LEVELS REQUIRED	
Organisation	Minimum membership class required
YERMAM	Professional Member (PM-YERMAM)
